RESPIRATORY PROTECTION

RESPIRATORY PROTECTION

Full Face Mask

LRM-809

Description

- TRP material
- Organic gases and vapours
- Equipped with a standard thread connection
- Cartridge or filter is not included

Application

- Filter type: Mist, Dust Vapour, Gas

Gray

Half Face Mask - Double, Single

LRM-602

LRM-601

Description

- Respirators with natural rubber.
- Cartridge is not included
- Suitable cartridge is available

Application

- Filter type: Dust, Oxygen Deficiency

Black

Respiratory

Description

- Dust cartridge
- Organic vapor
- Anti painting or spray

RESPIRATORY PROTECTION

CE FFP1 Original Mask, Carbon Valve Mask

Description

- CE EN149: 2001 +A1: 2009 FFP1 NR D standard mask, PP layer provide smooth lining
- Latex free rubber head strap
- Cone type design ensure compatibility of glasses or goggle
- With adjustable metal nose pad

Application

Type: with carbon layer, with valve, with anti-acid gas blue layer

CE Flat Fold Type, Disposable Mask

Description

- Against solid and liquid aerosols according to EN149: 2001
- Suitable for protection against non-toxic harmful materials in concentrations up to 4 x OEL or 4 x APF
- CE Standard: FFP1, FFP2, FFP3

Application

textile industry, craft work, iron and steel industry, mining, underground civil engineering and woodworking, etc.

Type: with carbon layer, with valve, with anti-acid gas blue layer

N95 Cone Type Mask

Description

- NIOSH N95 standard, filtration 95% efficiency against particulate aerosols. No metal used.
- Cone type mask with adjustable metal nose pad, double shell made to withstand hot and humid condition.
- Latex free rubber head strap. Contour design ensures the compatibility of glasses/goggle and reduces fogging.

Application

CV: mask with "carbon layer" and "valve"

HEAD, FACE AND EAR PROTECTION

HEAD & FACE PROTECTION

Safety Helmet

Description

- High density impact resistant PP cap
- Standard suspension CS-2 (4 points, PE, pin-lock system)
- CE EN397, LD, 440V and EN50365 certificated
- ANSI Z89.1 tested
- Other suspensions/color are available

Application

- Protect against falling objects and high visibility in dark areas

Face Shield

Description

- Durable Nylon adjustable ratchet headgear with mesh/PV visor
- Visor size 8" x 13.5"
- CE and ANSI available

Application

- Resistant to medium energy impact, metal machining, dust, chemicals, liquid splashes.

Welding Helmet

Description

- PP shell, lift up style (up)
- Rear handle inside helmet (down)
- Lens size: 4x1/4" x2"
- CE EN175, ANSI Standard

Application

- Attach to safety peak cap. Adjustable frame allows visor to be lifted without being removed.

EAR PROTECTION

Ear Muff

Description

- Foldable robust design earmuff
- HIPS cup with soft PVC cushion
- ANSI NRR: 34dB
- CE EN352 SNR: 30.4dB
- Also available with higher noise reduction

Application

- For use in industrial areas, high pressure steaming, machining, grinding and woodwork.

Radio Earmuff

Description

- Light weight and palm size, excellent noise reduction
- Frequency range FM-88-108MHz, which allows free and flexible reception in working area
- HIPS cup and soft PVC cushion
- CE and ANSI standard available. NRR: 25dB/SNR: 28dB

Application

- Ideal in industrial training, machining, grinding, steel cutting and woodwork

PU Ear Foam and Rubber Earplugs

Description

- Excellent noise reduction
- Disposable PU ear foam, one size fit all
- SNR: 34dB and NRR: 32dB, ANSI and CE standard
- Triple mushroom design
- Soft synthetic rubber earplugs
- NRR: 25dB SNR:25dB, ANSI and CE standard

Application

- To be used in very loud environments.

EYE PROTECTION

Safety Goggle

Description

- Soft PVC frame, PC lens, indirect vents on top and bottom.
- Anti-chemical liquid, dust and impact
- Size: MSG-234 (W)15.3x(H)8 cm
- Lens also available in anti-fog treatment
- CE EN166 or ANSI Z87.1 standard available

Application

For use in general workshops and grinding

Clear

Safety Spectacle

Description

- Adjustable leg length and angle inclination eyewear
- One piece lens and nylon frame
- Conforms to ANSI Z87.1
- Brow guard and side shield protection
- Can fit with reading glasses, adjustable leg length and angle

Application

Ideal in industrial training, machining, grinding, steel cutting and woodwork

Clear Smoe

Welding Goggle

Description

- Lift front style, indirect vents
- Green PVC frame, black ABS lens frame
- Lens shade #5 or #11
- CE EN175 & ANSI Z87.1 are available

Application

For use in construction, mining, milling, engineering workshops, factories, welding, warehouse and general industries.

PROTECTIVE CLOTHING

PROTECTIVE CLOTHING

Safety Harness

Description

- Adjustable buckles in chest, shoulder and thigh
- Forged aluminum dorsal D-ring for fall arrest
- Front attachment textile loops for fall arrest
- CE standard

Application

For protection against falls from heights in industrial and construction activities

Reflective Vest

Description

- 100% polyester, silver reflective tape
- Color in lemon yellow or orange
- Size: S, M, L, XL or customized

Application

- Where high visibility is required.

PVC Rain Suit

Description

- Rain suit

Features

- PVC
- Elasticated cuff with Hood
- Draw string waist
- Size: S - 5XL

Application

- Protective clothing against wet conditions. Protects against mild acids and chemicals.

PROTECTIVE CLOTHING

Flame and Acid Resistant Suit

Description

- Reflective tape for increased visibility
- Size: 300/310gsm 100% Cotton
- Triple stitched added strength
- Brass zips
- Bar tacks on stress points
- Elasticated waist band for comfort
- Size: 28-68 (jacket); Size: 24-66 (pants)

Application

- Suitable for use in Petrochemical, oil and gas agriculture, mining industry, industrial use, maintenance and repairs including installations.

 Navy Blue

Full Overall Boiler Suit

Description

- Polycotton material
- 220/230 gsm fabric, 100% cotton
- Enclosed buttons
- Triple stitched for added strength
- Bar tacks on stress points
- Colours: White, Navy, Grey and customized
- Sizes: 28-52

Application

- Suitable for use in welding, construction and boiler shop work.

 Navy Blue  White

HAND PROTECTION

HAND PROTECTION

Cray Fish Gloves

Description

- Polycotton knitted glove with rubber palm coating

Application

To be used as a general handling glove providing excellent abrasion protection and superior grip
Not to be used for heat resistant applications

Welding Gloves (Wrist or Elbow)

Description

- Welding gloves
- No lining, normal stitched
- 2.5 inch length wrist gloves; 8 inch length elbow gloves

Application

Suitable for assembly, construction, fabricating, landscaping, maintenance, metal working, and mining

Welding Gloves (Candy Striped)

Description

- Wrist length candy striped chrome leather gloves
- Leather palm with striped canvas backing

Application

Suitable for assembly, construction, fabricating, landscaping, maintenance, metal working, and mining

HAND PROTECTION

Nitrile Chemical Gloves

Description

- Chemical-Resistant Gloves
- Material: Nitrile
- Length: 13 inch
- Size: M - 2XL

Application

Preparing and spraying chemical mixtures
Handling solvents and cleaners
Handling plumbing chemicals

Latex Gloves

Description

- Natural latex
- Packing: 1 pair/ polybag, 240 pairs/ carton

Application

Cleaning/ household/ laboratory, general purpose/ PPE industry

FOOT PROTECTION

FOOT PROTECTION

Rain Boots

Description

- PVC uppers for optimum flexibility and abrasion resistance
- Slip-resistant sole
- Light in weight for enhanced comfort and reduced fatigue
- Nylon liner allows for easy cleaning and quick drying
- Antistatic and water-tight

Application

Ideal for slip area and food preparation area

Safety Shoes

Description

- Standard: EN 20345:2011 S3
- Upper made of leather
- Breathable leather liner
- Protective cap made of steel
- Penetration protection through steel midsole
- TPU/PU outsole
- Special walking comfort due to a very soft leather cover sole

Application

Ideal for the construction industry.

Safety Boots

Description

- Standard: EN 20345:2011 S3
- Upper made of leather
- Breathable leather liner
- Protective cap made of steel
- Penetration protection through steel midsole
- TPU/PU outsole
- Special walking comfort due to a very soft leather cover sole

Application

Ideal for the construction industry.

SAFETY ITEMS

MARINE SAFETY

Lifebuoy

ML-3310

Description

- Material: HDPE (outside); hard PU (inside)
- Inner diameter: 440±5 mm
- Outer diameter: 720±5 mm
- Weight: 2.5 kg
- Buoyancy: ≥ 143 N

Application

For all boats and an advantage for land-based applications

SOLAS Life Jacket

LSJ-150

Description

- Material: EPE foam
- Cover fabric: 200D polyester
- User's weight: 43-140 kg
- Buoyancy: 150 N
- Reflective tape: 400 cm² SOLAS reflective tape
- Accessories: lifting loop, buddy line, whistle

Application

Offshore, passenger ships and cargo ships

Marine Inflatable Life Jacket

LSJ-151

Description

- Material of bladder: nylon and TPU
- Cover material: 420D Polyester Oxford Fabric/Neoprene
- Buoyancy: 150N/275N
- Inflator: auto/manual; inflation time: 3s to 5s
- Wear-resisting & water repellent

Application

For sailing, marine, life saving

Traffic Cone

LTC-45

LTC-70

Description

- Durable, strong, flexible traffic cone
- LTC-45: 45cm (H), 27x27cm base, with one reflective tape, weight 1.25 kg
- LTC-70: 70cm (H), 36.5x36.5cm base, with one tape or two reflective tape, weight 2.5 kg

Warning Triangle

LTW-01

Description

- Size: 43cm X 43cm X 43cm
- Weight: 1.2kg
- High visible
- CE approval
- Easy to carry and storage in car

Warning Beacon

LST-351

LST-355

Description

- Material: PP + PC + ABS
- LST-355: Length: 30.2 cm; Diameter:18 cm
- LST-351: 7.2 * 15.3 cm/160g
- Function: single flashing-warning; flashing-steady-closed
- Battery: solar panel; LED number: 4 pieces

ROAD SAFETY

Road Stud

LRS-01

Description

- High quality reflective markers for road safety
- Material: impact resistant plastic
- Size (L*W*H): 10 X 10 X 1.8 cm

Warning Tape

WT-23

WT-22

Description

- Size (W*L): 48 x 20 cm
- Different color and types are available
